Claims 6-8 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to non-elected inventions, there being no allowable generic or linking claim. The election to the restriction requirement was made **without** traverse in the reply filed on November 30, 2007.

The election filed November 30, 2007 is incomplete in the absence of a complete response to the election of species portion of the restriction requirement mailed August 10, 2007 on page 4 in paragraph 4. The election of species (b) is not fully responsive since the election of species necessitates an election of a particular species (i.e. chemical compound, name or structure) of dibasic acid such as the itaconic acid of claim 5. Furthermore, the election is not between items (a) to (d), but a designation of a particular chemically or structurally identified material within **each** of (a), (b), (c) **and** (d) as requested on page 4 in the second paragraph emphasized by the bold lettering.

The election filed November 30, 2007 is not fully responsive to the prior election of species section of the restriction requirement because of the lack of elections of particular species of (a) epoxy resin, (b) dibasic acid, (c) ethylenically unsaturated monocarboxylic acid, and (d) polybasic acid anhydride (37 CFR 1.111).

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
